### Mobile and Desktop Flexibility in a Compact Scanner

The Xerox® DocuMate 3115 has all the features you expect in a powerful desktop scanner such as a 20-page automatic document feeder (ADF), 30 images per minute duplex scanning speed, and Visioneer OneTouch®. Then at the push of a button, the DocuMate 3115 ejects from its docking station to become a fully functional mobile scanner.

When undocked, the DocuMate 3115 can be powered by a second USB cable instead of an AC adapter, providing a true mobile experience for users on the go. The front feed slot accepts documents from A4 size to photos, receipts and plastic ID cards.

The DocuMate 3115 offers a professional software package that includes Nuance® PaperPort® and OmniPage Pro® for desktop document management and OCR.

### Flexibility to Meet the Needs of Any Job

Modern offices are no longer defined by traditional walls and desks, so when your work space is not contained within four walls, you need a scanner with flexibility. Whether scanning contracts, forms, receipts, photos, ID cards, handwritten notes or virtually any document of varying size or complexity, the DocuMate 3115 does its job so you can do yours.

Documents are often captured where the user first encounters them. The DocuMate 3115 is well-equipped for use in a wide range of business applications, possessing strong qualities of both mobile and desktop scanners. It offers exceptional value, with high-speed, ADF document flow, and a productivity software bundle to meet the ever changing needs of the mobile business user.

### Scanning in One Touch

Powered by Visioneer OneTouch technology, the scanner allows users to scan to the “destination” of their choice by pressing a single button, eliminating multiple steps usually required to save scanned documents in popular file formats. Visioneer OneTouch allows you to scan documents to your choice of 6 preset yet completely user configurable destinations. This enables your documents to be scanned with the correct settings for resolution, colour, cropping, file format and then delivered to virtually any application, folder or device – all at the touch of a button.

**Visioneer OneTouch**

OneTouch is an easy-to-use utility that connects the DocuMate® 3115 with a powerful set of scanner settings to greatly improve the efficiency of your workflow — so that with one touch the document is scanned automatically to email, Microsoft® Word, your printer, a file folder, or to one of many cloud destinations.

**Visioneer® Acuity**

Acuity enables your scanner to instantly improve the visual clarity of every document that you scan. Using advanced algorithms and dynamic thresholding Acuity will intelligently correct documents containing imperfections, improve quality of scanned images for archiving, increase OCR accuracy, and save time.

**Visioneer® DriverPLUS**

DriverPLUS is a new generation of driver technology that is based on TWAIN™ 2.1 specifications that provides advanced features and greater reliability for both users and system integrators. DriverPLUS combines the features of advanced 32- and 64-bit native Windows®-based TWAIN and WIA drivers PLUS new Acuity optimisation software and a sophisticated user interface.

**Nuance® PaperPort®**

Millions of professionals rely on PaperPort to save time and money by transforming paper documents into searchable digital documents.

PaperPort combines the efficiency of document management, the convenience of superbly scanned documents and the power of creating PDF files, to bring a new level of operational proficiency to your organisation.

**Nuance® OmniPage® Pro**

OmniPage Pro provides a precise OCR and layout retention solution, quickly turning scanned documents into editable, formatted text. The text can then be used in virtually any word processing, desktop publishing or web publishing program.

**Nuance PDF Converter Pro**

Nuance PDF Converter is the smarter PDF software choice for businesses. Combining powerful functionality, superior Microsoft Office® support, built-in intelligence, DMS integration, and intuitive ease of use, Nuance PDF Converter provides everything you need to create, convert, edit, assemble, and securely share PDF files for increased productivity, enhanced collaboration, and improved compliance.
